DAN'S ORDINATION

CANTERBURY CATHEDRAL / JUNE 29TH

NEHEMIAH! A preaching series - 7 Sundays from 26 May.

On the face of it, Nehemiah is about a big building project. At its heart though, it's about vision, purpose and how our energies and activities feed into that, but crucially, it highlights the need for God's people to rebuild their hearts - getting themselves aligned with God and with God's loving purposes.

All of this is going to be very helpful for us as we've travelled through some difficult times together over the last few years, and as we focus on how we build for the Kingdom of God and the future.

Want some homework? Read Ezra and Nehemiah in your Bible. We'll be focussing on Nehemiah, but the two books we have in our Bibles were originally one book in the Hebrew tradition.

Alongside this we'll be doing some practical and prayerful work together to look at all the things we do as a church, and identify the priorities, and discern the gifts and skills God has given each of us and how they can be best used. **[Also see notice on page 3.]**

Safeguarding

We at SCC and as a Christian family take safeguarding very seriously (safeguarding is working to protect children and adults from harm, abuse and neglect).

There are on-line courses available on the Diocesan safeguarding website which we encourage all members of the Church family to undertake.

Thank-you to those who have already undertaken this training. The course has to be completed every 3 years and I will be contacting you to remind you if the training is due this year. If I have not contacted you and you are aware you need to do it then please let me know by email?

Please also let me know when you have completed any training so that I can update my documentation?

Please Note We livestream our 8.45 service and occasionally other services, uploading these to our church YouTube channel. The camera is focussed on the stage area (please be aware of this if you go up onto the stage during the service), and we don't film during the distribution of Holy Communion. Some backs of heads will appear in camera view. Please speak to a Church Warden when you arrive if you wish to avoid being in camera view.

Yay! and Pray

This week we are . . .

Celebrating:

- We give thanks for Dan's ministry amongst us and pray for him, Nat, Jonah and Ezra as they move house to Wye where Dan will serve his Curacy and look forward to Dan's Ordination as Deacon.
- On the 30th Anniversary of the Ordination of Women as Priests in the Church of England, we give thanks for this and for all who minister together in the Name of God, ordained or otherwise.

Praying for:

- We pray for our Connect Groups - especially when they experience change - that we might be led by God into new and fruitful connections as we share the journey of life and faith together.
- We pray for the care homes in Whitstable where we have connection and offer chaplaincy, praying especially for Chris and Ann and the regular Service at Harrier Lodge, and for potential new connection with the new Whitstable House.

Nehemiah Overview

Tariq has prepared a short overview of the book of Nehemiah. This is to help Connect Groups and others as we start the Nehemiah sermon series on the 26 May. If you want a copy send an email request to tariqrita@aol.com and Tariq will send you a copy. For those without an email address, there will be a small number of printed copies available on Sunday 26 May.

Hi! I'm Becca, I'm the new Eco Champion for our church, and I want to hear from YOU!

Whether you have great ideas to share, time to research or you're just interested in how we can make the church and our individual lives more environmentally

sustainable, come and talk to me! I'm always around Sundays (the girl with the red hair!), I'm often here Thursday mornings or you can email me on mrsb.newlyn@aol.co.uk

Here's an easy tip to get you started... this month is No Mow May! Allowing some long grass and wildflowers to grow benefits wildlife, tackles pollution and can even lock away carbon below ground. With over **20 million gardens in the UK**, even the **smallest grassy patches add up** to a significant proportion of our land which, if managed properly, can deliver **enormous gains for nature**, communities and the climate.
